LUKE 23:34

“Forgive them Father, for they know not what they do.”

I've been taking some time in sabbatical to look back upon all that God has done through my life and through the ministry of NCM. 2022 was certainly the most incredible year of ministry New Covenant Missions has experienced since our founding in 2001. Thanks to your partnership our work continued to expand and is now active among 252 unreached people groups across 25 African Nations. Our teams were able to share the Gospel with 339,759 people (a 34.4% increase!), most of whom had never had an opportunity to hear it before. Even more exciting than that, 39,528 of those people decided to follow Jesus— an astounding 30% increase over the prior year! This resulted in 2,361 new churches planted in 2022. This is 520 more churches than we have ever planted in a 12-month period.

As I was reading through my journals and beginning to assemble a book of stories from the field I was stunned to come across this testimony I heard when we were launching our work among the Unreached Unengaged Berta Gobato of Ethiopia.

A married couple with a 15-year-old son had left Islam to follow Jesus after encountering one of our Church Planters. After learning this, the Muslim elders, Sheiks, and Imams came to their house and asked the couple to step outside but to leave the 15-year-old inside. They then locked the 15-year-old inside the house and asked the couple to return to Islam and forsake Jesus. The couple refused. The Islamic leaders said, “we will set your house on fire with your son locked inside if you don't forsake Jesus!” The couple still refused. They then went to the 15-year-old and asked him to forsake Jesus if he wanted to be saved but he also refused. They then set the house on fire. The mother smiled with joy as she knew that there was a special place in the heart of Jesus for martyrs, and then she began to weep. The Muslims asked her, why were you happy and then so sad? She stated, I was never sad, those were weeping tears of joy because I know that Jesus is happy that we stood by Him and kept our faith. Her testimony caused them to decide to follow Jesus and eventually 52 Muslims chose to follow Jesus!

Years later, reading this testimony I found myself in tears. Our God has so much grace! He desires all to be saved and this story is clear evidence of that.

While the flesh wants to see justice of these Islamic leaders who tortured this family, the Spirit wants to see them repent and be saved. Today more than ever as NCM continues to grow into places of Satanic stronghold and great opposition would you pray for our field workers that they would carry the grace of God in their hearts. The love of Jesus that could say “forgive them Father, they know not what they do”. Our desire is to take the Gospel where it has never been and ensure that everyone has an opportunity to know Jesus. Our teams will encounter persecution. “Indeed, all who desire to live a godly life in Christ Jesus will be persecuted.” 2 Tim. 3:12. Pray that our response to persecution will be love and grace and that we will see incredible harvest of souls through it. Pray for our teams to have boldness. (Acts 4:29-31)

ETHIOPIA

116+ Million People | 34 Million Unreached | 34% Islamic | NCM active among 43 UPGs

"In Kashbe area we are arranging worship sessions every two weeks and Christians gather for the prayer and teaching program in Kashbe village. Christians still face persecution and isolation, nonetheless, they remain strong in their faith." **NCM Field Staff Eyob**

"The Muslim neighborhood testified that they observed that the calmness and peaceful life of Christians is very different from their lives. They say that it shows that our God is a 'God of peace'." **NCM Field Staff Abdinur M.**

"The women of the region testified that when the government did not reach them, we came to help, they are very thankful for that. As the drought continues, people are suffering and we believe the water project and clinic could be the door to the gospel." **NCM Field Staff James S.**

"Many have been delivered from demonic bondages and set free. A young woman who suffered with mental challenges for the past four years has now recovered after believing in Jesus. Witchdoctor worshipers came to Jesus and many people were healed. Praise God!" **NCM Field Staff Eyob**

"The house church planted in Basica Diree."

"We give glory to God for the people who were saved and baptized this year."

**The Gospel has found the Unengaged Unreached Gorose People of Ethiopia!
The first ever church has been planted and over 90 Gorose have decided to follow Jesus!**

**90 new Gorose Believers
Worshipping God!**

More than 70 have been baptized in two places with the Asela mission and most of them were Muslims.

Near the border of Ethiopia and Somalia, God is actively pursuing the hearts of Garre Somali people.

In the blue is NCM Church Planter Terre, next to him is one of his disciples, Mohamed Yusuf, who was an Al Shabab terrorist for 8 years until he found Jesus through the faithful and brave work of Terre.

One of the Churches at Goyizn among the Nao!

“This testimony is about a person from Wuran, a high school teacher. During the war time I didn’t have food for my family. This person used to be my neighbor. I asked him to lend me some grain to feed my children. He was willing to give me a few kilos and he asked me what my occupation was. I told him that I was a barber, but didn’t have a job at the time. I boldly told him that I am a Christian (Note, I was an Ex-Imam) and he then started an argument with me. He later approached me and asked me a lot of questions about my new faith and then decided to accept Jesus Christ! He was now baptized in our church, praise the Lord!” NCM Field Staff Ustaz Amir

“In this quarter more than 10 people among the Shabelle have come into the Kingdom. It is unusual to get 10 new believers at one event. This is an incredible testimony for us and the church.” NCM Field Staff Ayele Argaw

SUDAN

44+ Million People | 24 Million Unreached | 91% Islamic | NCM active among 6 UPGs

"We thank God for changing lives in Kaiga, Tagatu and Kadugli through our ministry with the Jesus film and gospel presentations. We faced a lot of challenges to reach the Miri and it was not safe for us to travel, but God sent someone who helped us reach some Miri despite the challenges."
NCM Field Staff Alamin

"After showing the Jesus film many Muslim people were talking about Jesus. They enjoyed the film and asked us to present it again. Two people, a boy & girl from Muslim backgrounds are now part of our discipleship group. Their lives have changed through the teaching of the word of God."

"One of our disciples shared her testimony that her life has changed simply as a result of reading the Bible; now she has peace with God. The Keiga Jirru's we reached this quarter, were happy to watch the Jesus film for the first time!" **NCM Field Staff Romandino A.**

THE WORK ACTIVITIES IN THE NUBBA MOUNTAINS AREA OF SUDAN

"My first visit was to the church planters living among the North, South, and West Nubba people groups. However, I had the opportunity to call the church planters to North Nubba first and talk about the ministry activity and future service as the area is governed by the Sudan Liberation Forces. After discussing the situation we added another servant, Ayman Angelo.

In the second phase of my trip, there were various challenges. The Arab Sudanese tribe, and the Nubian Sudanese, clashed with the Kiga tribe, and the road was blocked due to the loss of lives. With God's help I continued my journey and I was able to safely reach Kadugli, the capital of Kordofanian. On the same day, those working in Kiga, Tese, and Miri, as well as the leaders of the city's churches, received me. We had a consultation and prayer time with the church planters about the good opportunities and challenges in their ministry activities and the future directions of focus. In order to reach the people living in the Nubba Mountains with the gospel and to send church planters, it is very important to inform the Sudanese Liberation Department through Juba to Kawuda. Since the local community has been a war zone for many years, there are many things that have been damaged, so I think it would be good if there was at least a water, health or education project. This is if the country's policy allows it. Such projects will at least help the church planters to live in the midst of the community by creating a verbal relationship.

NCM CP Nasiradin Kamis received a motorbike to help him reach the unreached!

Although it is not known how certain it is, we ask for your prayers because there is a situation in the country that says that no other church should be added apart from the existing churches in the country. And please pray that the protection and companionship of the Lord will not separate from our Church Planters as they are serving through difficult situations.”

UGANDA

47 Million People | 1.2 Million Unreached | 14% Islamic | NCM active among 2 UPGs

“I grew up thinking that salvation belonged to a certain community of very rich people especially those living in Europe. I was taught that our communities have their gods in the rivers and on the mountains. NCM preached to me about salvation to all races and people of the world as long as you believe in Jesus and confess him as Lord and Savior. From that time I accepted Jesus and since then I have been attending church and I am now translating for Pastor Santos as he reaches out in the community. My name is Namuya.”

“Our dear brother and friend Patrick is one of the vice speakers of Karenga district local government. Ever since he gave his life to Christ, God has used him greatly to have an influence to the top district officials for Christ. He carries out devotions, prayers and Bible sharing with the other district officials every morning before they start work. We thank God for his transformation and for using him at this level.” **NCM Field Staff Ogwang**

“Last year as we were returning from an outreach we met this boy called Ivan. When we preached to him he gave his life to Christ. Last month when we chose to go to his village again he talked to his parents about the positive changes in his life after salvation. His parents have witnessed the change in his life and because of that they also gave their lives to Christ and they hosted us very well during our days of outreach. We thank God for the power in discipleship.” **NCM Field Staff Simon**

“Lobolei said that he thanks God because the day he listened to the word of God his heart felt so good and he had peace. He used to worry a lot about having material things of this world but when the NCM church planter preached about seeking first the kingdom of God and all other things will be added, he understood to wait upon the Lord.” **NCM Field Staff David A.**

“I want to thank God for the opportunity to speak to the leaders of Loika village. They were always a stumbling block to our ministry in this village. They never allowed us to preach and they even beat one of our evangelists for preaching to a man from their village. Prayerfully we approached them and the leaders agreed for me to talk to them. When I shared the word of God one of them accepted Christ and immediately told his colleagues to allow us to preach the Gospel. We want to thank God so much for this breakthrough.” **NCM Field Staff Jimmy**

“We went to the home of Mr. Aseu Kori in Mabeteleng. He asked me why I had come to his house and I replied that I had come to preach the word of God to his family. He then said that he doesn’t want to see me in his compound and that I should leave immediately. Since he had become rude, I left. Two days later when I had planned to visit him again, I reached his home and I was told that the Karamojong cattle raiders had attacked him and had beaten him so badly and he had been rushed to a distant health center. I chose to go and visit him there and shared the Gospel with him. He accepted Christ as Lord and Savior immediately. I was so glad and thankful to God.” **NCM Field Staff David**

"We thank God for the ongoing mission work in the Bungu B Village in Kibiti District. As we are now reaching Muslims in this area, people have started to understand that there is more gain to have Jesus in their lives and they are starting to open their doors and listen to the Gospel message. Although people still fear being isolated from their community, we are grateful for the few who are ready to listen to the Gospel."

NCM Field Staff Deusededith, Joshua

"Harid Pallangyo did not believe in prayer. He was suffering for a few months with leg problems but after prayer he testified that he is now healed." He said, "It was a process for me, emotional healing that took place after prayer before the physical healing. I became so focused on my relationship with God that I honestly couldn't say when the leg pain began to leave my body. I know that no matter what comes my way, His word is true, and no one will ever be able to take that away from me".

Mohamed Seif *"I am so happy to receive the good news about Jesus and the love of God and am happy that Jesus now lives in me." Mohamed is doing his best to make sure all the people in his family, his neighbors and friends understand the greatness of God. Mohamed is now joining us in our Bible Studies and other mission activities. Praise God!*

"We thank God for the mission work in Mkinga District. Many people in these local communities have been affected by superstitious practices along with witchcraft and many people believe in gods and false teachings. They now want to know more about the truth of Jesus Christ. We praise God that people were ready to receive and believe the Gospel message. It was a great joy to see restored hope in the lives of people. We glorify God that even old people from the Islamic faith heard the Gospel of Jesus and are starting to change." NCM Field Staff Kevin, Lucas

Mrs. Nassari had a chest problem for a long time. She heard the Gospel and testified how God can change the impossible to become possible. "After I was prayed for I started to feel better. Now it is a month since you prayed for me and I haven't had a problem since then. Even my husband is wondering about Jesus Christ now. I believe in Jesus as my life has changed and I am believing that He will also change my husband."

“Mejuma a new believer said “I thank God because he is good. Since I received Jesus into my life I have changed and I know that it is only Jesus who can help me. I trust him fully.” Praise God for what He is doing in this community because things are changing. Before we planted churches spiritual darkness was everywhere but since people started praying they know that change has come. They know that if they receive Christ their lives automatically change, so brothers and sisters stand with us in prayer.” **NCM Field Staff Francis**

“A man and his wife had a sick baby, they were going to the hospital but they had lost hope as the baby was so ill. We shared with them that Jesus is able to heal diseases and they allowed us to pray for them. The child is now fully recovered and the parents accepted Jesus as their personal Savior. The man asked us if we would go to their home, so we went with him and his wife. When we reached the home he took out his witch craft tools, we prayed and burned them. At his home he lived with his elder brother, mother and his father and they all received Jesus and they were set free from demonic spirits. We thank God for this miracle.” **NCM Field Staff Elias**

“A child who was paralyzed for some time was brought to us for prayer after her parents heard a testimony of one of our new disciples who we prayed for and was healed. After the child was prayed for, God did heal her and the child could now walk by herself.”
NCM Field Staff Francis

“We are very thankful to Jesus Christ for sister Katumu Madorgbo. When she married her husband who was a Christian, her family hated her and they did not take part in her wedding. After their wedding she was poisoned and it was within that period that we were sharing the word of God and her husband requested that we should pray for his wife, that’s how she got her healing. Now she believes that Jesus is good. To date, the Sister is actively involved with our outreaches in her community. To God be the glory!!”

NCM Field Staff David

“Brother Karifatu Mbayo was an Imam for one of the biggest Mosques in Bo, Sierra Leone. All his years with Islam, he had not found any truth so he decided to be a Christian. When he shared this plan with his wife, she said that she won’t agree because their lives will be at high risk. While in that state of confusion, we went there and shared the Gospel of Jesus with them and Brother Karifatu Mbayo gave his life to Christ along with his family. He has currently left his community to find a safe place to live in.” **NCM Field Staff David**

“Glory to Jesus for Brother Abubakar Gegba who was a criminal but has been changed by the power of God. When we first met him, he refused the gospel of Jesus Christ but we continuously reached out to him. One particular day he decided to give his life to Christ. He vowed that he will not go back to his old habit of stealing but he will rather live a good life within the community. He further said that there is no peace in the streets, **the only place peace is found is in Jesus**. Since his encounter with Christ, he’s been working as a motorcyclist. The brother is currently volunteering on our team and also a part of the discipleship program.” **NCM Field Staff Osman**

“Sheku Lolleh was born and raised by Muslims. According to him, he was indoctrinated and he believed that Christianity is full of deception and scams. He further said that he killed Christians during the civil war in Sierra Leone and with others burned a lot of churches. As he was on his way to attack a group of Christians in the Bonthe district, he heard the voice of God in his heart telling him not to do so. It was in that same week we went to preach the gospel of Jesus Christ and he confessed his evil conspiracy. We prayed for him and he gave his life to Jesus. Since then, his life has changed completely.” **NCM Field Staff Charles**

“We thank God for Sister Massa Saffa who was a Muslim. From birth she hated the name “Jesus”. She didn’t want to hear the name of Jesus being spoken of. When we met her she argued that Jesus is not the Messiah. She further said that God does not have a son. We prayed a lot for her. Some time later we met her again and shared the gospel of Jesus with her and to our surprise she cried and gave her life to Christ. She is 42 years old and a Krim Bom woman.” **NCM Field Staff David**

"We had a good visit with the widows in the city of Transua, 40 miles from Bondoukou. We prayed with them and distributed New Testaments, food and clothing in order to assist them." **NCM Field Staff Jerome**

"We had a new official Church plant in the village of Didoko among the "Dida" people. The ministry was blessed, because after we showed the Jesus Film and after 17 people came to Christ, we were invited to start a Church in the village. The following day, the village called us and gave us a piece of land where we could raise a Church building. Then we quickly started. Praise the Lord!"

"My name is Guédé François. I had swollen feet and could not walk properly. Then I met the evangelism team and heard the good news of salvation. I asked them to pray for my healing so that I could move around more and go to join the church. The following Sunday, I could feel a change and a strength in my legs. I was able to move a few hundred meters leaning on a stick and with my wife we called in the motorcycle to go to church. On the second Sunday, I no longer needed to be transported by car or motorbike. I walked from home to church, without needing to be transported."

"Two of our new church plants were attacked, burnt and destroyed in Kounahiri. Some of the new believers were hurt and some others decided to leave the area, fearing new attacks from the animist people who don't want to see any churches in the villages. Pray for our CP's and the believers."

My name is Maimouna and I was a Muslim. I heard about Jesus Christ and gave my life to the Lord a year ago. But my family who are Muslim heard about my conversion and they threatened me and ordered me to renounce my new faith. I did not do this so my uncle decided to disinherit me and when they heard that I was baptized 4 months ago, my uncle threw me out of the house and said that I should no longer consider myself a member of the family. My mother decided not to talk to me any more. The pastor read this very comforting passage in Psalms 27:10 "When my father and my mother forsake me, then the Lord will take me up." I'm still praying for my family that they will come to Jesus, but I'm blessed to be surrounded by a new family: my brothers and sisters in Christ.

We thank God for giving us victory over the Ihilanmen community in Jagbeland. I went on an early morning street evangelism and had preached for about 45 minutes when a young man named Rajiob, came up to me and demanded to know who gave me the authority to preach in that place and he threatened to destroy the PAS I was using if I did not move away, claiming it was a

*Muslim community. But God came to my rescue. I turned and saw behind me many people. The place was packed as though they were called out. They all wanted to listen to the stories about Jesus and were against the young man. He walked away shamefully. I later discovered that there were actually three men that planned the attack – Saliu, Abdulahi and Rajiob. Rajiob was sent to provoke me so that when I reacted they would come out against me and with the people's support, they wanted to overpower me, so Christians would never speak that way again in their community. Saliu hid a machete under a tree by the mosque which he usually brings to the mosque just in case he encounters 'enemies like us.' God is with us especially when we obey His voice. This incident has actually become an eye opener to many who were still doubting us and the Gospel. Whatever we are doing is never a waste: the preaching, community projects and showing love to all are communicating the gospel to the people we are sent to reach. Rajiob and friends later said they never knew that many people have become Christians in their land as another young man came out and said even in Mecca there are Christians and he gave an order to let me continue to preach. After the attempted attack, there has been some freedom of fellowship around God's people. The ancient palace (upper Ihilanmen) has cautioned those fighting against the church in Jagbe to cease from doing this as our law (Nigerian constitution) recognizes Christianity and its right of association. This is a plus to us in the land of Ihilanmen. We are now building a house for the Lord. In a couple of weeks we will be finished and this will be the second major church in a land where men had vowed that the Gospel will never enter. Rejoice with us and join us to give Glory to our God - the almighty. May His name be praised forever." **NCM Field Staff Kadiri***

*"We sent some of our pioneer missionaries to investigate a village called Odighie (Odiye) where there is no church at all. They were able to reach some of the youth who are strangers in the land but are hungry for Christ and not able to find a place to fellowship because the inhabitants are all Muslims. Their findings: There is no church in the village, some villagers who were Christians have lost their faith due to lack of fellowship. There are about two Christians who are seldom able to attend church services in Agbede which is quite a distance from Odighie. And they are not able to have fellowship with others hence they need help. There is a harvest awaiting us in the land of Odighie, Nigeria." **NCM Field Staff Destiny***

Our National Coordinator of Ghana with a Jesus Film backpack and Motorcycle ready to go share the Gospel to the Unreached!

"We visited Jamera in the Bono Ahafo Region and we did an outreach in the Jula community. They told us that there are only some churches in Jamera, and none of these churches has ever preached Jesus to them except us. This brought a lot of sorrow to us because if the NCM team had not gone to look for them they would not have had the opportunity to hear the gospel of Jesus Christ. We also ministered to some people on their farms and prayed for the sick. During our outreach, 2 Jula speaking people accepted Christ." **NCM Field Staff Forgor**

Director of Operations Chris Culley Officiating the new borehole project in Sampa

“Halitu Amadu is a 29 year old man from Nygali, he is thanking God for the miracle performed in his life. He said 'I was a drunkard, very sick with stomach and chest pains, we searched many hospitals and herbalists for the past 3 years but my life did not change. This has forced me to go against the doctrines of my faith “Islam”. I then went to a church when I heard them praying. After prayers, the leader asked if someone is ready to accept Jesus, I reluctantly moved forward with what some may call double minded faith. I was kind of trusting I was going to be healed but had some doubts. Finally, I accepted Jesus Christ. I went home that night not sure of the next step, but God was sure of it. My life has now changed, soon afterwards my health started improving and I now have no pain and I’m regaining my weight gradually. Thank you to Jesus for healing me.” **NCM Field Staff Yelibani**

“We want to thank God for the two day workshop conducted by our national coordinator during his field visit. It was really challenging because of the bad roads due to the rain. It was amazing seeing our national coordinator taking the challenge to visit some of the remote areas that other leaders will not want to do due to bad roads and the long distances. His visit has really motivated us to work harder. This means we should not give any excuse of rain or bad roads nor long distances to reach the unreached people.” **NCM Field Staff Forgor**

“I want testify what God is doing here in Velingara and Kolda. The gospel is shared on two radio stations and I receive feedback how the Holy Spirit is touching people in the region every day. Let’s continue to pray for their salvation.” **NCM Field Staff Rene**

I thank God for the house of Thierno Seck where the Jesus film was projected. After the showing his friends testified that before seeing the film they did not know who Jesus was.

“Things are improving for us. Many people testify that Jesus Christ has healed them. Some young people who refused to receive and talk to me at first are now open to discuss the Gospel. Praise the Lord.” **NCM Field Staff Andre**

“This month I used the solar audio bible to share the gospel with a group of 6 Bainoucks who asked a lot of questions. It was a good time. I was showing the father of one family, Alexandre the use of the audio bible and he asked me when we would come back again to teach them more about God. His words touched my heart and I really appreciate this man and his family. I now have time with them reading the Bible and they are enjoying this. Please pray for the Badji family to come to salvation in Jesus Christ.” **NCM Field Staff Dembo**

"We are continuing the work despite many difficulties. It is not easy. There is often opposition and the political situation in the country is against the rapid progress of the gospel." **NCM Field Staff Ibourahima**

Many of the people in our community are beginning to show an interest in the gospel. This is truly the grace of God because several evangelists had tried working here without having any success. But today we see old people who were considered anti Christ before asking that the Jesus film be presented in their homes. Even if the results are very slow, we trust and hope for positive change in the lives of many people.

Mariam said that she had not fully understood the Christian life before and she experienced suffering. It was also very difficult for her to pray. She said, "I was discouraged, I told myself that God has forgotten me, but since I came to you my faith has increased, I understand a lot about the Christian faith and the word of God. My husband has also changed a lot. I give all the glory to the Lord Jesus for my life and that of my husband whom He is transforming."

"Together with the new believers, we meet twice a week for a teaching and to pray together and I can tell they must continue it even in my absence. Many give their testimonies of thanksgiving for the Lord's blessings during this time of fellowship with one another."

"We are starting a small alphabetization class among the Fulani people, this will help them to be able to read the Bible. It is also our goal to help widows and orphans, to teach them how to sew so they can provide for their needs. We find that 60% of the people are ready to listen to the Gospel and they are attentive; but the problem is, once they accept Jesus, the community stands up against them and they face persecution. We pray the Holy Spirit will prepare the hearts of these people." **NCM Field Staff Oumarou & Issa**

"Nana Zeinabou was touched by the Lord Jesus Christ and this deliverance brought her peace of heart, with a new way of seeing Christianity. She continues to speak of the grace of God in Jesus Christ to other women and to her family. She has a download of the Bible in her phone and calls us to ask questions about Jesus Christ. Doors and hearts are slowly opening. Pray for her to fully surrender her life to Jesus." **NCM Field Staff Moussa**

"We assisted a woman who lost her baby, she was seriously affected by this event which made her sick. Her husband came to share their difficulty with me and I spent the whole week praying with them, sharing the word of God and supporting them which gave her hope. The good news is that she accepted Jesus." **NCM Field Staff Idrissa**

“We thank God for the training organized from August 20 to 22 in Mongo for the translation of Bible stories into Mawa. Our Mawa believers have testified to the importance of this training, which has enabled them to better understand the word of God in their mother tongue. We are also very grateful for Zakarya's desire to share the Gospel in his Mawa community, with a lot of zeal.” **NCM Field Staff Nahum, Barka**

“A woman named Dere Goni who could not walk for several years was miraculously healed after her acceptance of Jesus as her Savior.”

Our National Coordinator of Chad will do whatever it takes to reach the Unreached!

The month of February is marked by the translation of 40 Bible stories for the Dama community. The translation team is composed of Christian and non-Christian Dama who know this language that is disappearing. By the grace of God, these stories were recorded in a studio in on February 27, 2022. May God be praised.

“CP’s Tambio family thanks NCM’s National Coordinator for the very encouraging visit in December 2022. The shoes donation that the village received opened a wide door for us to talk to people about God’s love.” **NCM Field Staff Benjamin & Samuel**

The Caravan Project

The evangelic caravan project was formed by a team of 12 evangelists who are going on a missionary trip for a period of 3 months. The purpose of this missionary journey is to bring the Gospel to the nomadic communities of Chad, which are not subject to a special program of evangelisation by the local churches. After the evangelisation caravan, a team of two people was responsible for doing follow up of the new believers for a period of 6 months. The project will impact a population of about 1500 nomads located from central Chad to the border with Niger and Libya. So far 400 heard the Gospel, 23 men and 7 women accepted Jesus, and 15 recommitted their lives to Christ.

"The vision of NCM is successfully reaching its goal. Some pagans have become believers; those who have many struggles have been comforted. There were those who practice the occult, they are turning to Jesus. Truly this mission has brought drastic change among the Ganzi people."

"The work done by NCM in the area is always appreciated by the people because it has brought spiritual, physically and moral healing." **NCM Field Staff Constantin**

"I am Demonzapa Justin and I would like to testify of the greatness of Lord because of his love towards me and my family. When the rebels arrived in the village about 4h in morning when I was praying with my family, they set fire to my house and they thought that we had perished. God was with us, nothing bad happened to me and my family and then people accused me to be an evil person so they decided to drive me and my family out the village. After that they pillaged all my cattle and farm products and all I possess. My family and I took refuge in the big forest. So we praise God for protecting us through this situation." **NCM Field Staff Justin**

"I am Abadja Constatin. I would like to testify about the greatness of the Lord Jesus who saved me from danger. There was a dispute between my elder brother and I concerning a small plot of land that belongs to a maternal uncle left to my supervision and this does not please my elder brother. He tried to kill me with a rifle but when he aimed at me the bullet did not come out the gun and the neighbors came and rescued me. When he was calmer and the rifle was being taken from him, then the bullet came out the gun but without any danger. In seeing this miracle, I went on my knees to thank Lord who continues to oversee His servants. I am emotional and thank God for His greatness."

Father André said: “I had the opportunity today for the first time since I’ve been alive to listen to the word of God in all its simplicity and truth, which showed me how great God’s love is for humanity and for me personally. I, who did many bad things am forgiven and I am free now after receiving Jesus Christ.”

We have seen God’s hand and grace manifested that led people to Christ Jesus this month. God has done wonderful things, we prayed for a boy suffering with headaches for three days and God healed him. We thank God for His faithfulness.” **NCM Field Staff Rock**

“In Bokongo village in Kabo Series we have the Ngondi, Bomassa, Sangha Sangha and Pygmies. The evangelization had an incredible impact and the people were very happy to watch the Jesus film which marked a new beginning for the village.” NCM Field Staff Floreal

“I am Valentine Abouena. I inherited my grandmother’s fetish beliefs and I spent all my youth thinking I could use these things to heal people of their problems. But in the end I had more serious problems than those I thought I was helping and it was when a brother told me about God who does everything for us and who can change our lives that I decided to leave everything and accept Jesus Christ as my Lord and Savior. Since then my life has taken another direction and I thank God.”

Merveille Aboguele said, “I want to testify of the love of God towards me. I had several occasions in my life to listen to the word of God, at no time did I want to learn more about Jesus but during this meeting I was totally moved and convinced that it was the time for me. Finally I made the commitment to give my life to Christ and I repented of my sinful life style and am now forgiven. This is why I thank God for his infinite love for me.”

“We conducted three outreaches where we talked to fifty people and five gave their lives to Jesus. We praise God for the gift of the Jesus film kit from NCM International. The kit is so useful in presenting the gospel message to the people through visual presentation in their language.”

“God is faithfully saving souls and healing people. The home group in Figolo is now an official church, and the first of its kind! The more people surrender their lives to Christ, the more they make public confessions of their faith in Him by going through water baptism!”

Ms. Witness Nankonde is the first believer in Christ in Figolo Village of Tamboland. Because of her changed life in Christ she goes out telling others about Jesus in the villages

“I am Muwowo Janet aged 38 years. I live in Kantembe village. I was raised believing in witch craft. For years I did not realize that magic is the work of the devil because I was blinded by the benefits I got from it. I gave my life to Christ when Rev Bowa came to our home and shared the word of God. I was convicted and repented of my sins. I joined the home group in Kantembe and started growing in my faith in Christ. One time during the bible study Rev Bowa asked me to pray for others which I did and I was surprised that God can use a sinful person like me. The love of God is real and I desire to keep growing in the Lord.”

“The home church in Figolo has grown to 60 villagers that join us for Sunday worship services. Villagers now have a place of worship God. It is giving us joy to see villagers go to church on Sundays, it’s the first time this is happening. We thank God that with the help of the community we have managed to build a simple grass shelter. It is helping shield us from bad weather.” NCM Field Staff Joel

My name is Mevis Ngwira from Mupapa Village, 75 years old. I always thought that going to church is a waste of time because we follow the traditions of our forefathers. I grew up serving the spirits of the Tambo people and the Bible was strange to me. When the Bible was opened up to me I felt like it is a story without meaning, until the day that the true gospel of God’s love gripped my heart and I heard about the true God of heaven. I thank God that at my age I am privileged to meet Christ before dying. I joined the discipleship group and slowly I am growing in knowing more about Jesus desiring to serve him the rest of my life.”

CP Joel Bowa sharing the gospel

Sharing the gospel with Mr John Sinkala who practiced as a witch doctor for many years

“Kindi” is an illicit beer . Since the year 2000 I have been using it as form of payment to villagers who worked for me. Some died of drinking this very strong beer that burnt their lungs. To me it was business as usual until I received the word of God on 24th July 2022. Rev Bowa shared a word that challenged me. For the first time I realized I was living in sin, and how I abused people by taking advantage of their desire and addiction to this beer. I gave my life to Jesus Christ my Lord and my Savior. I am now a member of the Figolo Home Church learning the word of God and leaving my old life behind.
Nakamba Monica, Figolo village

GLOBAL CHURCH PLANTING DAY

On May 29th many organizations around the world joined together for the first Global Church Planting Day. New Covenant Missions alone planted 52 Churches!

“Global Church Planting Day” was such a huge privilege and joy! We did home to home visits to both Muslims and the traditional tribes of Mpulungu. Then May 29th 2022, was the climax of the evangelism that started 3 days before the celebration day. 18 new believers came along to welcome the new church. Just on this day 27 people gathered and we have since started discipleship and Bible studies to preserve the new harvest.” **REV Daniel Mwape**

“NCM Ghana has been able to plant one new church in the Savannah region on May 29th, 2022. This church was planted in a village called Abaarah with the number of 19 people who have accepted Jesus for the first time as their Lord and personal Savior. Abaarah is a farming community with only one Roman Catholic church. Our new believers are happy to finally have a church they can attend!”

New church planted in Abaarah village, Ghana on Global Church Planting Day!

“On May 27th, two people who were planting a church in our village visited my hut. They had Bibles in their hands and I wondered what they wanted from me and my family. They didn’t look threatened at my sight but instead opened their Bibles and told me Jesus loves me. I had heard of Jesus from people’s mouths but I didn’t know Him until when the Word of God penetrated my heart. I was gripped in my heart and cried as I faced my sin of witchcraft and killing innocent people in the village because of jealousy. Hearing “Sorcerers and murderers will not enter the Kingdom of God” brought me on my knees and I received Jesus as my Lord and the King of my life. I thank God that His light has come into me and now I am in church which I was preventing people to go to. In short - I am born again.”

TANZANIA ORPHANAGE PROJECT

THE GOOD SHEPHERD'S HOUSE

TANZANIA ORPHANAGE PROJECT 2022 FACTS:

- 317 people have been impacted by the project through education, giving of food, school supplies, and clothes, while sharing the Gospel message with all involved people, even adults.
- 230 people heard the Gospel because of this project through ongoing outreaches.
- Apart of reaching and helping needy children, the project has been able to share the Gospel message with adults. As a result 79 people received Jesus as Lord and Savior in 2022.
- We praise God for the 18 people who recommitted their lives to Jesus.

National Coordinator Michael Mafie

“All the children and workers at the Good Shepherd’s House praise God for the provision of bunk beds for accommodation, the distribution of school bags to the needy children in the community, food, and other things through generous people. We thank God for NCM’s support and advocacy for these needy children who cannot speak for themselves, and for the ongoing support to the Tanzania Orphanage Project. May God bless all those who support these children!”

Felister, a girl of seven years, lost her father in a car accident, leaving behind Felister when she was only two years old. She is the second daughter from three orphaned children. One year after the death of her father, her mother died of HIV/AIDS disease. Following the loss of both father and mother at a young age within a short period, her two brothers were taken by indigenous non-relatives to be raised, but the situation was slightly different for the girl Felister who did not find anyone to take care of her. She lived a terrible life in the village for about 9 months while passing difficult times with only one meal a day, drinking unsafe water that caused serious parasitic worm infections, and at times, she has faced animal attacks because of sleeping in an outdoor kitchen with no doors, left by her parents. By this living condition, her grandfather decided to pick up his grand-daughter to raise, however nothing changed, their life became worse. This elder lived with Leprosy and skin infection, he couldn't even walk as his feet were disabled. He only lived in the mercy of the neighbors. At the age of six, Felister has never been to school since this elder was not able to pay for her school needs. Praise God that, after she had joined the Good Shepherd's House, Tanzania Orphanage Project, Felister is now having the opportunity to join school; she has also received treatment of worms that affected her before she was rescued from her hard life.

The Good Shepherd's House is a home of hope to the helpless children. Many children in Tanzania have been left behind as orphans due to HIV/AIDS disease and road accidents. The number of children living in the streets is clearly growing. We need a united effort from all sides; local and international organizations, volunteers, and churches - to help take care these children like Felister. All children are thankful to God because of generous people who extend their hands of help to them for a better life condition.

Kisiri Mwita, grand-father of the girl Felister, shared "for many years Felister and I could only trust God to meet our needs, as I had lost hope for a better life of myself after being affected by leprosy, but my tears were shed much more for this little girl, worrying how her future can be good out of all this hardship." As it was only two of them living together, 7 year old Felister was like a guardian to the old man affected by leprosy. While he was shedding tears, he said, "For sure, God is the Father of the Fatherless". We praise God that the life of his grand-daughter has been rescued. Let us continue to join effort to help many more children in need.

Felister and her Grandfather Kisiri Mwita

Naomi and her sibling Samson, were born and raised in the Rorya District of the Mara Region in Tanzania. To understand where Naomi and Samson come from, you will need to learn about the Luo Tribe and their traditions. Among the Luo culture, it is tradition that if there is an old woman who did not give birth to any children, she will need to find a girl who will stay with her. This older woman offers to pay her potentially more than she would be offered in a job or if she was to marry someone. This is called "bride price". The girl is then considered "married", even though there is not a husband. In order for this older woman's land to be inherited she needs to ensure that this girl will become pregnant, by any means necessary, and have children to inherit this property left by her. This happened to a girl named Achiyeng Majiwa Alego who got "married" by an old woman, per this tradition. This girl is mother to both children Naomi and Samson. Naomi was 4, and Samson was only 3 years young, when this old woman passed away leaving Achiyeng as the only caretaker of both children. One year and eleven months later, Achiyeng, the mother, passed away from an epileptic seizure. Relatives soon came to take the properties, but had no intention in helping the children. Taken in by their aunt, a single mother who lived in Kyanyamsana village in the Rorya District, it became very difficult to meet the needs of these two children on top of her own children.

Even though it was easy to see that Naomi is quite smart and had good knowledge based on her environment, this bright girl was not able to attend school. In this region she had no right to go to school but even if she did, the extreme poverty of her living situation would have also prevented it. When we heard their story, we knew that these two kids were meant to come to Good Shepherd's House and have a life that we believe God would intend for them. At the first opportunity we enrolled Naomi in school. This took some arranging due to her age, but she now has this great opportunity that can enrich her life beyond imagination. She was shy at first and felt embarrassed often when her peers could answer class related questions and she could not. However, Naomi is very smart and has a quick mind for memorization and a great desire to learn. Now, Naomi is 8 years old and has begun to adjust well in living with her Good Shepherd's House family. She is very funny, curious and carries a strength that is beyond her years. She loves to laugh, play games and spend much of her time being a good big sister to these kids. You will often catch her helping her younger brothers and sisters to open to pictures in books and helping to guide them to sing gospel songs and pray. She helps them to grow not only in everyday life but also in their spiritual lives. The Good Shepherd's House wants to help her to fulfill her dreams without her experiencing worry or struggle to do so. Naomi has expressed that she desires to become a doctor when she finishes school. She wants to help the sick and give medical aid to those with no access to medical services.

For Samson, the lack of basic care after their mother passed away, led to many challenges especially in his health. We desire to see Samson given more than just his basic needs, but to see him have all he needs to live the life of a strong man of God who has compassion for others and a sharp mind for whatever God has called him to. Now 7 years old, Samson is enrolled in school, he has opened up as he has felt safe and provided for. This young boy already loves to serve others and he does it with the most welcoming smile and biggest heart. Getting to see Samson connect with the love of Jesus in worship and prayer has been so heartwarming.

At the Good Shepherd's House, we are looking forward to doing all we can to care for children like Samson and Naomi to give them opportunities beyond what they ever thought possible. Stand with us at The Good Shepherd's House and help support the children in making their dreams come true! Any amount of donation will help them to continue education, have a safe place to come home to with qualified and loving staff and also provide for any healthcare or basic needs.

Thanks to all who have generously given a hand of help by donating to this ongoing Tanzania Orphanage Project in whatever way so that kids just like Samson and Naomi can continue to receive education, loving care, a safe home and mentors who can keep sharing and teaching about the love of God. Blessings to you and your family!

Naomi and Samson

MEDICAL MISSIONS

MEDICAL MISSION TO GARRE & SOUTH OMO, ETHIOPIA

Our Medical Mission was conducted from December 10th-17th, 2022. Two teams were deployed to the mission sites, one being at the Dhukusu Health Center, among the Garre, 45km from Moyale town. The other being at the Luka Kebele Shala Health Center among the South Omo. Our goals were to provide free medical service to the Garre and South Omo people, proclaim the Gospel, and visit previous mission sites and believers.

Outcome Garre Site

- **1,546 People got free medical service (free medication, consultation, and treatment). Most of the Garre people had the opportunity to hear the gospel.**
- **11 Received Jesus as their savior.** ✨
- **3 Recommitted their lives to Jesus.**
- **13 People would love to learn more and have future discussions with our CP's about the Gospel and have given their info.**
- **Eyeglasses were provided.**
- **Minor surgery was conducted.**
- **Severely ill patients have been admitted to wards.**
- **2 people who came from a traffic accident received emergency care and were referred to a hospital.**
- **Health Education was given to the people.**

Garre Site

Outcome South Omo Site

- **965 People got free medical service (free medication, consultation, and treatment). Most of the people had the opportunity to hear the gospel.**
- **175 Received Jesus as their savior.**
- **150 Recommitted their lives to Jesus.**
- **54 People would love to learn more and have future discussions with our CP's about the Gospel and have given their info.**
- **Health Education was given to the people.**

South Omo Site

Opportunities

“Different from what we have experienced in other missions, there were no challenges in preaching the Gospel in both sites, and the Gospel has been preached openly. This mission has changed our perception of the Garre people in terms of the Gospel’s acceptance. We believe that this is the time to reach the Garre because of their open hearts! There are only few disciple makers at the South Omo site, particularly, Tsemay area. There is high need to preach the Gospel and make disciples at Tsemay and the Bodi areas. However, we witnessed that many people shared their happiness with each other. Even the regional television documented and broad casted the medical mission to the public. There was a lot of joy from the community and district leadership.”

Challenges

“Due to heavy rain, it was difficult to go to Dhukusu with our bus, and the district has provided 3 Ambulances for 2 days of mission. When we returned from the mission site to Soddo around 8:00 PM, the bus from the South Omo site crashed an hour after our arrival to home and the assistant driver has passed away due to the car accident. Please pray for his family.”

We thank New Covenant Missions for funding this medical mission! We thank the Moyale district Health Office and South Omo zone health department for facilitating the medical mission! Please continue to pray for us as we would like to conduct more medical missions at two refugee camps in Djibouti in March 2023, and at Garre Moyale.” **Wolaita Young Professionals Gospel Mission**

Both Medical Teams

MEDICAL MISSION IN DEBRE BIRHAN, ETHIOPIA

“We had an amazing medical mission organized by NCM in five places. Many people came to receive free medical assistance.” NCM CP Aristotle

- 187 people received free medical services during our Medical Mission in Debre Birhan.
- 27 people would love to learn more and have future discussions with our CP’s about the Gospel.
- 14 people received Jesus as their savior.

MEDICAL MISSION AMONG THE SHABELLE SOMALI IN ETHIOPIA

This Medical Mission was conducted in the Somali Region, Gode Zone. The team's goal was to provide free medical service to the people in need, share resources, share the Gospel with the Gode Somali, and make disciples of Jesus Christ.

- 2,620 people received free medical services
- 104 people got New Testament Bibles

- 1,682 individuals heard the Gospel
- 78 people decided follow Jesus Christ

HEALTH CENTER

HEALTH CENTER FOR THE NGONDI OF CONGO REPUBLIC

“The construction work of the Ngandikolo Medical Center is almost finished! Through this medical center we will be able to provide access to basic health care for all the Ngondi people and the neighboring people.

All the young people from the village that we have employed for the work especially the suppliers of sand from the river to the construction site have heard the Gospel through this project! 8 young people have given their lives to Christ because of this! (5 Ngondi, 2 Pomo and 1 Pygmy). The construction work is almost final and the consultation equipment is already ready, except for the lack of a doctor or a nurse. Please join us in prayer as we are currently searching for a qualified nurse or doctor.

The Ngondi community and the presidents of the surrounding villages (political, police and administrative authorities) have all given us their support. We rejoice for this and give glory to God.” NCM Field Staff Jean Baptiste Bongo

HEALTH CENTER FOR THE BAINOUK OF SENEGAL

Compassion Group for Health and Social Action

- During the construction of the health center, 15 widows and orphans benefited from this project with food support and school kits. (7 widows, 8 orphans)
- 25 people heard the Gospel during construction work.

HEALTH CENTER IN EAST DRC

“The Bamodanga chief village was astonished to hear about the future medical structure we are going to build this year in his area. He is mobilizing the people to prepare the land. NCM has helped many people with their spiritual and physical needs. They say thank you!” NCM CP Simeon

SOGIDO (BLOOD VILLAGE) KINDERGARTEN SCHOOL

Here are our first graduates of the Sogido (Blood Village) Kindergarten school. They will now move on to 1st grade at a government school. In 2015 there was no school and children were being sacrificed by an evil witch doctor. There were no followers of Jesus and nobody even tried to reach them. Today over 10% of the community is following Jesus and there are 4 official churches and many home churches. See how it all happened in our documentary on our website.

UNIFORM & SCHOOL SUPPLIES

NIGERIA SCHOOL UNIFORM PROJECT

“We distributed school uniforms, school furniture, school marker boards, teachers tables and chairs. 550 people were impacted by this project and because of this project 45 Jagbe, and 25 Ogbido heard the Gospel for the first time!” NCM National Coordinator Destiny

SCHOOL SUPPLIES FOR THE JULA OF GHANA

“I presented some school materials to the Jula community school in Sampa District, Bono Ahafo region. This was donated by someone who was lead by God to do this for the Jula people. This donation was presented to the school in the name of NCM. During the presentation the Jula chief and some of the community leaders were present. The Jula students were so happy to have received such wonderful gifts for the first time in their lives.” NCM CP Peter

KENYA SCHOOL PROJECT

“49 needy children received uniforms, school supplies and toys! We were able to share the good news with over 40 parents and their children.”

BURKINA FASO DEVELOPMENT PROJECT: SCHOOL KITS AND LATRINES

“We built three latrines for three different villages and shared school kits with students in need. In one school the headmaster told us that there are many pupils who do not own a notebook or a pen, and that they are very grateful for the support. They say: ANITHIE; that’s means Thank you.”

- 1500 people impacted by this project in three different villages.
- 18 people accepted Jesus into their lives.

CLEAN WATER

CLEAN WATER PROJECT IN OKABO, IVORY COAST

- 1,700 people were impacted by this water project
- 70 Jula Muslim people heard the Gospel because of this project
- 5 Jula accepted Jesus for the first time !

“The water project has been completed in the village of Okabo. People of the village rejoiced because they now have drinking water.” NCM Field Staff Nguessan

Mama Akou, habitant of the village: *“Now we have clean water! During the dry season, we could not find water and people in the village were sad and were crying. Now, I bless the Name of the Lord and I pray to God, to bless his servants that He used to bring us clean water! I pray to God to remember his servants everyday. May God bless those who financed this project! I’m so happy, I’m so happy I’m so happy!”*

Kouakou Kouame, the Muslim chief of the village: *“Thank you so much. May it last long and give us good health!”*

The water people of the village of Okabo were drinking before our clean water project.

The village of Okabo now have clean water!

“During this month, we received a visit from NCM Regional Director, Sydney Thomas and the National Coordinator, Bakary Bamba, in order to officiate the water project in Okabo. It was an amazing day as we could see joy on the faces of the people who now have clean water. We also visited a school where 95% of the students are “Jula”. We had a great meeting with them, shared the Gospel and prayed for the students, teachers and school administration. The following day we went to a Jula, Senufo and Mouna village called Gbaziasso, a village where folk Islam is practiced. After talking with the chief who is Muslim and after praying, we were blessed when the village drove us to a place where they said we can build the Church building.” NCM Field Staff Nguessan

CLEAN WATER PROJECT IN MUPATA, ZAMBIA

“Water is here!!! Water is here!!!” Was the sound that was coming from the Mupata village of Mpulungu when the drilling truck arrived on the site!

The community of Mupata with close to 5,000 residents has lived for years without water. Their only source of water before was a small stream which was sufficient only during the rainy season. Villagers fought their way to the stream but the first few would get a little water and others got nothing. The villagers were daily exposed to diseases. Life became unbearable and searching for water was always a long journey until NCM came through with a gift of a borehole which was sunk on the 25th of August, 2022. Villagers couldn't believe seeing the CTR companying pound the ground in search of a rare commodity that eluded the village of Mupata for many years! Today there is such joy! We celebrate the faithfulness of God with the community who are grateful to NCM International for mobilizing funds to make the dream for water in the Mupata community come true! We anticipate, going by the happiness expressed by the community, that their hearts will be more open to the gospel as we embark on building on this open door to share Jesus as the living water in the community. **NCM Field Staff Catherine & Daniel**

CLEAN WATER PROJECT IN KAMAMUDU, GAMBIA

The Water Project is successfully completed and the community is excited about their new access to fresh water. This project has opened a door for the presentation of the gospel. The people are more welcoming now. Currently the people are rejoicing in having water and thanking NCM for the provision and also thanking donors for making such a project possible in their community.

- Approximately 275 people were impacted by this project (possibly more)
- About 40 Bainouk and 20 Mandinkas and some Fulas and Jolas heard the Gospel because of this Community Project.

“A non-believer named Saja Badjie was amazed by the water project and wanted to discuss the gospel of Jesus Christ trying to compare it with his religion of Islam. Women from Kombokunda are thanking God for the water project saying that it is a great help to their children who normally have to walk far to fetch water. They are really happy for what God has done for them through NCM and it has truly opened a door to share the Gospel.”
NCM Field Staff Ephraim

WATER WELL & LATRINE PROJECT UGANDA

The Water Well and Latrine Project have changed lives of many people in the Mening community! Initially people used to go far in search of clean water in swampy areas and any water found was polluted. It was full of parasites and people had a lot of deadly diseases like dysentery, typhoid, and diarrhea which killed many people. Since the completion of the water well, the rate of disease and death has decreased. The water well now serves 300 to 500 households and the latrine serves 80 to 100 households in the Mening clusters. Because of this 87 Mening people and 32 Karamojong people accepted Christ! NCM CP Patrick

CLEAN WATER PROJECT IN TIRIBE, KENYA

“The clean water project in Tiribe Kenya is serving over 2000 people within the Digo community with clean water!”

CLEAN WATER PROJECT FOR THE JULA OF GHANA

“The water project has brought great joy among the Jula people in Sampa, Ghana. About 1400 men and women were impacted by the project. 75 of them heard the Gospel (60 Jula Muslims and 15 from mixed people groups.)”

RELIEF PROJECTS

RELIEF PROJECT IN DASANECH AND HAMAR, ETHIOPIA

“The relief project was implemented in the South Omo zone, specifically in Dasanech and Hamar. This relief project was part of our Damascus mission. The people were very much dispersed therefore we had to bring them together to four common spots. 250 households benefited from this project! We distributed a month worth of food to the people. South Omo has been suffering a shortage of rain fall up to now. We then openly preached the Good News to more than 250 people from each group. The people groups were from Hamar, Dasanech and Bana. There are a few of the highlanders (Amhara, Oromo) More than 20 people have received Jesus as their personal savior through this project!” **NCM Field Staff Abenezzer Andachew, Tsegaye**

AWARENESS CAMPAIGN, NIGER

“The village of Kaiwa is a totally Muslim village. Hausa people live in this village and some Animists. We reached out and conducted an awareness campaign about malnutrition and sick children. Fifteen children are part of the hospital program in the Lazare district of Niamey who need help. The village chief of Kaiwa and the village community all participated in our awareness campaign. This campaign allowed the village chiefs to contribute towards helping these children; they gave 30,000 CFA francs (48USD) in order to refer these children to the hospital for treatment.” **NCM Field Staff Moussa**

WATER TAXI FOR THE NGONDI OF CONGO REPUBLIC

Mission: Gospel Water Taxi. Our goal is to help the population move from one village to another with their goods and to preach the gospel by all possible means to all passengers.

FARMING GODS WAY, UGANDA

Farming Gods way is a solution to the food security and poverty crisis for the rural poor by equipping them and teaching them on farming. FGW is not just a technology but a well-balanced biblical, management and technological solution for the agricultural domain, equipping the poor to come out of poverty with what God has put in their hands and revealing the fullness of his promised abundant life.

“When our believers practice this FGW and get high yields, not only shall their living standards improve but they will also be able to accept and believe in the all sufficiency and provision of God. At the end God is glorified and the harvest is increased. Further, the people will be able to as well improve their livelihoods and also use it as a means of discipleship to the new believers. In that, every time they meet in the farms to teach the believers on farming, it is also an opportunity to share with them the word of God. FGW can also become a possible solution to the problem of hunger and famine among the communities of the Mening and Karamojong.

I have so far got a garden piece measuring 10 meters by 15 meters, which we shall be using as a demonstration farm for this year as I embark on training farmers. I will sample approximately 50 farmers for the start, whom I will be training on the farming Gods way, so that when they are fully trained, they will also be trainers of other farmers to help us reach out to a big number of farmers before next year.” **NCM Field Staff Ogwang**

YOGURT PROJECT, HIMAT BAGGARA OF CHAD

“For this project, women of the community were trained how to make yogurt. This project changed the economy of the Himat Baggara of Nyarnyar Village. A liter of milk that brought in 1 USD turned into 4 USD. People are very happy with this project which has changed their way of life. The women found that their loss of milk that they could not keep for long was over. Since starting this project a total of 450 people have heard the Gospel.”
NCM CP Assane

COMMUNITY PROJECT, KONGU GORU, NIGER

60 women were impacted by our outreach project in Kongu Goru. Through our financial support these women were able to buy school supplies for their kids, and medication and food for their families. Because of this project 125 Zarma people and 30 Hausa people heard the Gospel of Jesus and 2 Zarma people received salvation!

FOOD DISTRIBUTION TO THE DISPLACED PEOPLE IN MALI

“Distributing food to the displaced was a great project because it created a bridge of trust between New Covenant Missions and the community. We now have the doors open for evangelization in this mixed Fulani Bambara, Dogon community. We were able to help 60 displaced families; each family received a 25kg bag of rice, 5liters of oil, 5kg of sugar, 2kg of milk and a mosquito net. 180 people heard the gospel for the first time and 4 people decided to receive Christ.” NC Seydou B.

ETHIOPIA SOMALI REGION RELIEF

The relief project was implemented in Hartishake, in the Somali region. The relief has distributed to 170 Households. In the Somali culture there are approximately more than 6 people in one household. Therefore, more than 1,000 people benefited from this project and also had the chance to have heard the Love of God.

The land of Hartishake is in mourning and its citizens are lamenting, because of the drought. The life-giving rain has been held for a couple of years: rivers are dry, the cisterns are empty, and even the animals were suffering. Garede, shared the love of God, encouraged, and prayed for rains and blessings. All the people were praying together deliberately, we are all astonished by what we have seen. Surprisingly enough, in the same night that we prayed the Good Lord has answered the prayer by giving them rain. We believe that the relief and our prayers open their hearts for the Good News. God is faithful.

GARRE ETHIOPIA FOOD RELIEF PROJECT

“The Garre people suffer of drought as they didn’t get sufficient rain for 3 consecutive years. People and cattle have been dying, Schools are closed, health centers couldn’t operate because of the lack of medicines, and water born diseases were being spread. In this relief support program we supported about 250 households in 3 days. Numerically more than 1800 people received the lifesaving support. However, the number of people who need the support are more than 20,000. So we need prayer for God’s intervention and other organizations to start supporting this exceptionally marginalized community.” James Estephanos, Garrie and Borena Mission Coordinator

SOAP MAKING PROJECT, REPUBLIC OF GUINEA

“ 33 women were chosen as sellers for the soap making project. 6 women received training on how to make soap. After production we placed the soaps in the bags and we tried to share it between the 33 women. One of them received 5 bags (1 bag = 120 blocks) to sell. 141 people heard the Gospel for the very first time because of this project, and 22 accepted Jesus into their lives.

“This project helps us run a business and helps us to take care of our children’s school fees and it also helps us to solve other’s needs and share the love of Jesus with others.” Mariame Koivogui

GHANA MOSQUITO NET DISTRIBUTION

In Ethiopia there is no system in place to take care of the elderly widows. While many of them have homes to sleep in, most of them have no money for food or medicine, many are disabled, and some are even trying to take care of young Orphans who have lost their parents! This leaves them no choice but to beg on the streets all day long. One of our indigenous church partners is doing their best to show the love of Christ to these widows by providing a shelter with food, small business trainings and social activities. Currently there are 29 widows from the ages of 39 – 85 being supported. Most of the women in this project do not follow Jesus, but every day we play audio bibles and Christian films to educate them about the love of Christ! We have seen 5 women decide to follow Jesus in the last two years!

We have been supporting this project for nearly two years now but our funding is about to run out and we need your help! The budget need to keep this project going is \$1,600 per month. This provides food, clothing, Medicines, social support, job training and more. Additionally this provides school clothing, supplies, medicines, and food for orphans. Please consider a one time gift or possibly a yearly commitment to keep this project going. Every dollar really makes an impact!

NEW COVENANT SCHOOL OF MISSIONS (NCSOM)

IN COOPERATION WITH NEW COVENANT INTERNATIONAL UNIVERSITY (NCIU)

The New Covenant School of Missions currently has 48 enrolled students from Liberia, Sierra Leone, Ghana, Nigeria, Kenya, Uganda, DRC, Congo Brazzaville, and the Central African Republic. In Liberia, there are 3 hubs, Sierra Leone 1, and Kenya 1, where students congregate for class. The rest of the students come to class by way of Zoom. For this term, running up to the second week in September, we are doing four (4) courses: Christology, Acts of the Apostles, World Religions, and Church History-1. Pastor David Guzik from Calvary Chapel, California, USA is handling Church History-1, Dr. Jimmy Kouh teaches Acts of the Apostles and World Religions, and Sydney Thomas does Christology. The courses are offered in two sessions, Thursdays and Saturdays, and students come to class by way of Zoom.

At the end of the last term, nine (9) students completed the Certificate Program, covering seven (7) courses (Evangelism, Discipleship, Church Planting, Cross-Cultural Missions, Pastoral, Leadership, and Introduction to IT) with twenty-one (21) credits. We are arranging for their graduation soon. In this public manner, we want to express heartfelt gratitude to Malan Crouse in South Africa who taught Introduction to IT, Jeff Hundley in the USA for handling the Gospel of John, Eric Trendon in Canada for facilitating Discipleship, and Dr. Jimmy who helped with Cross-Cultural Missions and Pastoral. Thank you so much for your sacrificial service and ministry in equipping the Body of Christ in Africa for the End-time Harvest! Next term, we intend to establish more hubs in the nations for accessibility to other students, even in remote areas, desiring to attend.

WORLD MISSIONARY PRESS

GHANA

“Church Planters were very happy to receive WMP literature tracts that will help them reach the Jula Muslims among others. It will also help some other local churches to use these booklets for evangelism and teaching purposes. Rev. Patrick Gadzekpo, said that in the last seven years since he started his ministry, he has been praying to get some literature booklets for evangelism. By the special grace of God through WMP he now has the resources for his outreach events. This has also helped him start a house church which is gradually growing to an official church. I want to thank you and your office so much for making funds available for me to transport these materials to the field at the right time. It is my prayer that God will use these materials to win more people for his kingdom.

Total number of literature received from WMP in Ghana: 2,810 Boxes.” NCM NC Peter Biye Sibiti

WDRC

“We received 283,920 booklets from WMP in French and Lingala. 35 boxes of literature were shared with other local churches, organizations and individuals for their outreaches. So far, the Gospel was presented to 321 students and 3 churches with the help of WMP booklets and 10 students decided to accept Jesus as their Lord and Savior as a result!” **NCM NC Leon Daniel Dede**

EDRC

“To date 75,865 missionary booklets were given to NCM workers in East Democratic Republic of Congo. 45,000 literature booklets were shared with other local churches and volunteers and 1,316 people received salvation through our WMP distribution and outreaches. We praise God for the church that was started through our evangelism events. Brother Dekula who was a big drinker changed completely after reading the booklet about drinking. We thank God for the WMP booklets because the impact is testified by people and neighbors who recognize our work in the lives of the new believers. They see a difference between their new and old lives.” **NCM NC Samuel Murusi**

PARTNERSHIPS MAKE IT POSSIBLE

NCM JESUS FILM BIANNUAL STATISTICS JANUARY-JUNE 2022

SHOWINGS: 959
ATTENDANCE: 41,740
SALVATIONS: 2,736

We have deployed nearly 100 portable solar backpacks to the field!

Mission Aviation Fellowship empowers our teams to get to places where there aren't roads.

Reach The Rest has been developing an approach that offers people in the hardest-to-reach regions of the world an opportunity to hear and receive the Gospel!

In partnership with HOA we are planting churches among 16 Unreached people groups in the South Omo of Ethiopia. These churches are multiplying to the 7th generation with 423 self sustained churches since we began.

Nearly all our leaders are certified trainers of the Dynamic Church Planting International training program.

Activate Global's mission is to fulfill the great commission by providing sustainable businesses to local disciple makers among Unreached People Groups.

In partnership with New Covenant International University our School of Missions in Accra, Ghana now provides accredited degrees to its seminary students.

World Missionary Press, inc. is an interdenominational faith ministry producing 48-page topical scripture booklets and bible studies in more than 350 languages!

We are proud to be a part of Finishing the Task. Their research has mobilized us to engage 45+ people groups that formerly had no Gospel witness and few of any believers among them.

Global Alliance for Church Multiplication connects us in partnership with ministries like ours so we can go further together.
