51% Ethnic Religions | NCM active among 7 UPGs

The people in the community are eager to hear the gospel and we received encouragement to do so by the local chiefs as they said it will change the life-style of the people in the area. The Lord is doing great things in the Beli community because wherever we go and preach the word of God, the people turn up with joy and they express that it was due to the lack of teaching that they have not been following Jesus.
NCM Field Staff Gabriel

Many people are sharing testimonies about the power of the word of God. They say that they have been reading the Bible without understanding, but now even at home they can read for themselves and understand the meaning behind the words. During our 5:00 pm to 6:30 pm Bible study sessions, some people begin gathering as early as 4:00 pm.
NCM Field Staff Wilson, Martin

The Community and the Government gave us two plots of land, one for the church and the second for a school. We have already started the nursery school this quarter! **NCM Field Staff Alfred**

William Dokaga from Kyolaka, said “I was attending the ECS church to learn more about Christ, but every time I went there some people condemned me saying I am a drunkard and a sinner. I stopped going because of the way I was treated. One day I heard a church planter preaching. He did not condemn me and I felt accepted. He said God loves us all. So I continued to listen to what he was saying and I decided to accept Jesus. Jesus Christ is changing my life one step at a time, praise God.

Some new believers told us that they used to practice idol worship and they had no peace. “We did not know that God is merciful”. They did not know that there is forgiveness and they can have joy from surrendering their lives to Jesus Christ.
NCM Field Staff Salah, Nathan

After our initial outreach, we aim to assist the people of Sopi by providing second-hand clothes and shoes.
