This month, I'd like to share a story from our children's ministry and church. Lokol James has been a part of our Saturday children's discipleship classes for almost two years. He arrives early each morning to assist in cleaning the outdoor class area beneath a tree. Recently, he has begun sharing the Bible stories we teach him with other children. In his own village, he spreads the message of Christ to other kids by telling them Bible stories. As a result, many children now join him in coming to church to learn about God's word together. 'I am 98 years old now and I have never heard about the Gospel. We have been believing in the gods of the rivers all our lives. When the team from NCM came to our village and shared the good news of the Gospel, we slowly began to understand about Jesus Christ' said **Mzee Onesmus**.

We started a school in the Mening community where education is needed. We named it 'Hope for the Mening'. Please pray with us for our school. We need help with school supplies to run it well and improve education. With more time for teaching, we can guide the children and their parents in the ways of the Lord. This will bring positive changes to the community through God's word and education. **NCM Field Staff Ogwang**

"Accepting Jesus as my Lord and Savior has been the best decision I have ever made. I grew up doing a lot of raiding and cattle rustling from the neighboring communities. When the NCM team shared the Gospel with me and I was disciplined, my life changed and I no longer raid other communities. I have told my friends about my changed life and Jesus. Three of them have also given their lives to Christ," said Oryema.

We're grateful to witness the impact of God's work among the mothers in Kangole, where women's rights and education are limited. These women embraced Christ and received guidance. They are now actively teaching each other about proper health care at home, hygiene, and the Gospel. As a result, the lives of women in the village are undergoing remarkable positive changes.

'I was among the first girls in the Mening community to accept Christ. I experienced a lot of challenges from my friends and relatives after this decision. I was intimidated, abused and insulted. This made me fear to go openly and witness Jesus to others. Pastor Santos Ogwang continued to encourage and disciple me and today I thank God that I am in the evangelism team that moves about with the planters to win souls for Christ' says **Christine Ikuju**.
